Dave & Julie: Free From the Man Meeting

I finally made it out to Dave and Julie's house for the annual off-grid get-together. They have a wonderful house that is almost entirely energy-independent (still have to run some propane for cooking and occasional energy generating, but that's not bad at all). Now, if you guys could invent a teleport machine to eliminate the driving, that would be really cool. Keep us posted on that.

Turnout was good considering that I was a bit late on the newsletter (*this is a reminder that future meetings are always listed in advance at the top of the newsletter*). We enjoyed

throwing darts and playing pool. We also discovered that there is a gambling addiction gene that is usually shared by siblings: the Baldwin's have it. Good thing for them the one-armed bandit was free.

This Month

Badley Meadlicious Meading

Everyone get set for a festive night of mead and other beverage sampling at the house of Ron and Yen. This annual event is always a good time, and it is a nice prelude to the holiday season. Bring food, home fermented beverages, and good cheer. I look forward to seeing everyone there!
