Chris Whitbeck's annual club meeting was held last month at his comfortable home in Washoe Valley. The food pairing was excellent (beer and food make an excellent pairing, don't you think?). We had some new members as well as the folks from "Just Brew It" (Trevor and Family), the homebrew shop in Carson City. It also looks like we now have some club competition – another home brewers club in Carson City.

The 'Vertical Epic' tasting was a huge success, featuring 8 years worth of Stone Brewing's Vertical Epic (of course.) Thanks to Chris and Jill Whitbeck for their ever generous hospitality again this year.

**Dawn and Jill look on in horror as
another Vertical victim prepares
to meet its end**

**The incredible edibles shared
the same gruesome fate as their
liquid counterparts —
consumption!**

Stock March Madness

Tipoff for this year's March Madness WZZ meeting will come on Saturday March 9 at 6 pm in the home of Kirk and Becky Stock. Okay, so this gathering isn't really an NCAA tournament themed event, so sneakers, baggy shorts and multiple tattoos are not required. The title refers to the fact that there's no actual food or beer theme this time, so let the gods of chaos dictate your selections. It's requested that you bring a dish of your choosing and some potent potables to share with all, especially of the home brewed variety. The Stock's are located at 1496 Elizabeth Street in the old south-west Reno neighborhood. If you need help getting there, have questions about what to bring or just want assistance in filling out your bracket (just kidding) call 323-7875.
